## MEDIA ACTIVITY

You can examine how an illustration helps convey the mood, theme, or main idea of the poem.

**Directions:** Find another poem in a book, a magazine, or online. Record the title and author in the space provided. Then find an image that you think conveys the mood or tone of that poem. Look carefully at all the elements of the image, and then describe how you think it relates to the poem you selected. Refer to the use of art elements in your description.
