Reading Strategy

VISUALIZE

When you **visualize**, you picture what is being described through the author’s imagery or figurative language. Visualizing can help you understand a poem’s meaning.

Directions: As you read the lines in the first column of the chart, describe the mental picture that you see.

Lines	Mental Picture
“The peak of a mountain sparkles / Beneath the setting sun.” (lines 7–8)	
“Her golden jewelry glistens, / She combs her golden hair.” (lines 13–14)	
“He’s blind to the rocks around him; / His eyes are for her alone.” (lines 19–20)
